

To our Covenant Families,

This has no doubt been an incredibly challenging time. Our administration, faculty, and staff have done a great job navigating a very dynamic situation, and we thank them for their efforts. This is uncharted territory, and there will undoubtedly be a few challenges along the way. With our teachers and parents all pulling in the same direction, we will emerge stronger together for the glory of God.

The Covenant Board is continuing to meet virtually during this time to monitor the situation and review our contingency planning with our Head of School. Following guidelines on social distancing, the regularly scheduled April meeting will be held via conference call. Accordingly, we encourage you to send any board inquiries to board@covenantknights.org.

Mrs. Hill will continue to provide you all further information as it becomes available. As mentioned in Mrs. Hill's update on Friday, there are resources for students and parents on distance learning and family activities, as well FAQ and related communications available on the Covenant COVID-19 webpage at https://www.covenantknights.org/coronavirus.cfm?publish=1#detailid_356284.

We hope everyone stays healthy and safe during this time. Please continue to keep the school, faculty, staff, and families as well as our nation's leaders in your prayers.

In Christ,

Covenant Board of Trustees
