

LOWER SCHOOL COURSE OFFERINGS

Luke 2:52 tells us that “Jesus grew in wisdom and stature, and in favor with God and man”. The Lower School teachers at Covenant strive to help their students grow as Jesus grew mentally, physically, spiritually and socially. To accomplish this goal we provide a challenging curriculum to build a strong foundation for current and future learning. Art and music classes further develop the children’s intellect. Physical

education classes and recess provide time for exercise and physical development. Daily Bible instruction, Bible memorization and weekly chapel lessons guide our students in their spiritual growth. Group projects, recess, center time and other peer activities provide opportunities for our students to develop friendships and learn how to successfully work together.
