

ParentsWeb Access for Covenant Families

Renweb Covenant's School Management Software gives you, the busy parent, an opportunity to get more involved in your child's academic progress and future success – all via the internet or cell phone app.

Renweb's ParentsWeb is a private and secure parents' portal that will allow parents to view academic information specific to their children, while protecting their children's information from others. You can see your child's grades, attendance, homework and conduct, as well as other useful school information. Order lunch for your child and even put money in your child's lunch account.

Parentsweb has been updated so now it works with ALL web browsers.

Here is how you access the easy-to-use ParentsWeb.
